

Eye Movement Desensitization and Reprocessing (EMDR) is a clinical treatment that involves elements from different therapeutic approaches with eye movements or other forms of stimulations which activate the information processing system of the brain. Over 1 million people worldwide were treated successfully. Case reports and controlled studies reported positive results with the use of this treatment.

Would you like to know more about the EMDR? Please come and join our seminar on 27 March 2004. The following programme is prepared for you.

Programme:

- Lecture on “EMDR and Its Use in Therapy: An Overview”
(The lecture is supported by video demonstration)

Co-chairmen, The EMDR Association of Hong Kong:

Mrs. Carolyn Neunuebel, MSED, RN, C.S.

Head, Hong Kong Psychological Practice

Mrs. Carolyn Neunuebel is a registered nurse with a masters’ degree in Counseling and is a Clinical Specialist in adult psychiatric and mental health nursing. She has worked as a therapist for 17 years, 16 of those in Hong Kong in private practice. Her areas of specialty are trauma, PTSD, survivors of sexual abuse, as well as depression, anxiety, eating disorders and relationship problems. Completed EMDR training in Level II in 1995, she uses EMDR with 50% of her clients, of whom 20-30% are Asian. At present, she a member of EMDRIA – an international organization of EMDR practitioners and is currently being trained as an EMDR training facilitator. Carolyn has spent nearly 40 years in Asia and speaks Mandarin and basic Cantonese.

Dr. Atara Sivan, Ph.D

Associate Head/ Associate Professor

Department of Education Studies

Hong Kong Baptist University

Dr. Atara Sivan obtained her BA and MA in Education majoring in Youth Counselling in Israel and her PhD in Education at the University of Hong Kong. She worked as a youth counselor both in Israel and in USA. Her main areas of academic endeavor are youth leisure and mental health, teaching and learning approaches and methods and action research in education. Like Carolyn, she has completed Level I and II of EMDR and has been using it in her practice in Israel, Europe and Hong Kong. She has also been trained as a Gestalt Therapist (Certificate of Advance Level in Gestalt Therapy accredited by APA) in Gestalt Associates Training Los Angeles. Besides, Dr. Sivan is the 2002 recipient of the International Award for Innovative Excellence in Teaching, Learning and Technology and is now serving as the scientific advisor for the development education programmes for children and adolescents. Living in Hong Kong for the past 16 years, she speaks Mandarin and basic Cantonese.
